## PASTOR IS BLAMED FOR HIS EVICTION

Officials Say Dr. Guthrie  
Misinterpreted Permit  
to Preach.

## NOT GIVEN RIGHT TO USE IOWA PARK

Major Sylvester's Authority Limited  
to the Circle—Bromwell  
Refuses Apology.

Some explanation of the action of the park police, yesterday, in ejecting the Rev. Charles E. Guthrie, with a large portion of his congregation, from the park at Iowa Circle, and forcing them to give up their open-air services, is now being awaited by the minister and parishioners of the Hamline M. E. Church, pending any action they may take.

The members of the Hamline Church congregation are indignant. Last night a committee of citizens visited the pastor and announced their willingness to stand by him in any action he might see fit to take with regard to the matter.

While regretting the entire occurrence as tending to place them in a false position, both Major Sylvester and Colonel Bromwell are firm in their statements that they acted within their province, and that the humiliation suffered by Dr. Guthrie was entirely due to his own misunderstanding of the permit granted him.

Ordered From Park.  
The occurrence leading to the present controversy took place last evening in the park at Iowa Circle, while Dr. Guthrie, with his parishioners, was about to hold services similar to those held two weeks ago.

Dr. Guthrie had secured a permit from Major Sylvester, granting him permission to hold services in Iowa Circle. The party hardly had gathered in the park before Park Officer Thomas appeared, and on being shown the permit, declined to honor it. He demanded a permit from Colonel Bromwell, and when none was forthcoming, ordered the assembly to "get out of the park."

Dr. Guthrie was overwhelmed at the attitude of the officer, and endeavored to impress upon each member of his permit specified Iowa Circle.

The officer, remaining obdurate, the party removed to the curb, only to be interfered with again by the same policeman. Dr. Guthrie's explanation that his services would only consume about ten minutes proved unavailing, and the congregation finally went to the church, where the services were held.

Dr. Guthrie Indignant.  
In discussing the matter this morning Dr. Guthrie declared that an explanation and apology from those in authority was the least that could be done in reparation.

"The attitude of the Police Department in attempting to interfere with church services in public places is entirely too paternal," said Dr. Guthrie, "and, as exhibited yesterday, was unpleasant and humiliating."

"We are a body of anarchists or reformers. Our congregation is composed of responsible citizens. The attitude of the authorities yesterday was one indicative of the District of Columbia. I have not yet determined what I shall do, not having consulted with my parishioners at any length. I shall certainly endeavor to make the reason of this strange conflict of authority which proved so humiliating to us."

Bromwell Won't Apologize.  
Colonel Bromwell this morning characterized the entire matter as a mistake on the part of Dr. Guthrie, due to his ignorance of local parking regulations. He entirely upheld the District Officer's action, and said that had he done otherwise than removed the worshippers from the park, he would have made himself liable to a reprimand.

"I have no apology to make for this department," said he, "and I do not feel called upon to resort to a lengthy explanation. The parks of the District are entirely outside of the province of the local police, and within the jurisdiction of the United States Government."

"Had Mr. Guthrie applied to me for a permit to hold services, I would have let him have it. The permit he secured in no way affected the park, but related entirely to Iowa Circle, or the circle surrounding the park. I entirely upheld the officer in his action. Dr. Guthrie will find his explanation in section 4, article 1, of the parking regulations."

Major Sylvester declared that the permit issued applied specifically to Iowa Circle, and contained no statement concerning the park.

Blames the Preacher.  
"I regret that the mistake occurred," said he this morning, "but it would seem that the error was entirely due to the misunderstanding of Dr. Guthrie himself. He was given permission to preach and hold services in Iowa Circle, or that portion of public thoroughfare surrounding the park."

"That he failed to properly interpret the regulations and, therefore, no blame can be attached either to the office or to the authorities in charge of parks."

## RESIDENCE YARDS TO BE INSPECTED

Health Officer Woodward  
Widens Scope of His  
Crusade.

Encouraged by the results attained in the campaign for cleanliness in the hotels, lunch rooms, cafes, and restaurants of Washington, Health Officer W. C. Woodward will carry the crusade into the homes of every citizen of the District of Columbia.

By arrangement with the Police Department, an inspection will be made of every cellar and back yard in the District. Accumulations of refuse must be removed. Failure to do so will result, according to the Health Officer, in prosecutions in the Police Court.

"It is very gratifying," said Dr. Woodward, today, "to observe the cordial and unanimous support that the community is giving to the efforts of the Health Department to bring about higher ideals of cleanliness in our eating houses, hotels, bakeries, and other similar places. It is to be hoped that the Police and the Health Departments will be equally hearty and universal support in the efforts to make the community as a whole cleaner."

Giving Annual Cleaning.  
The Commissioners have already instructed the Health Officer and the Superintendent of Police to proceed with the annual cleaning up of the District, and plans are now under way which, it is hoped, will make the present house cleaning the most effective that the community has ever received. Both departments have profited by past experience, and previous mistakes will be avoided and the inspection work strengthened where necessary.

"It is desired particularly to have every yard and cellar in the District of Columbia visited by a representative of one department or the other, and if unsanitary conditions are found, to see that they are corrected. Accumulations of refuse must be removed and defective drainage corrected. Failure on the part of the responsible person to do this will necessarily result in prosecution in the Police Court. It is confidently expected, however, that the public spirit of our citizens will be sufficient to lead them to co-operate with the Commissioners and with the police and health departments in the work that they are about to undertake, so that no prosecutions will be necessary."

Expects Public Support.  
Dr. Woodward added that having received the support of citizens generally in the campaign against the eating places, he felt assured of their co-operation in cleaning up the cellars and back yards.

Although yesterday was Sunday there was no cessation in the work of the Health Department. As the result of the inspection of grocery stores and provision stores between Maryland avenue and M. and Second and Four-and-a-half streets yesterday, Inspector W. H. H. Hoover recommended that warrants be issued in the case of a grocery man whose store, it was said, was found to be unclean, and for another who is charged with a violation of the ordinance to prevent the sale of unwholesome food.

Fourteen stores were found to be in good sanitary condition, and twenty-one were reported as fair.

Warrant for Restaurant.  
Request for a warrant against Harry S. Haight was made today in the Police Court on a charge by Inspectors Norris and Stoy, of the Health Department, charging him with conducting a lunchroom at 1012 E street northwest, without having the food served there properly screened.

## DANIELS WINS SWIM IN BURST OF SPEED

"Human Fish" Sets Americans  
Wild With Joy at  
Olympic Games.

## ENGLISH LAND WRESTLING BOUTS

French Athletes, Incensed at Treatment,  
Threaten Hourly to  
Withdraw.

LONDON, July 20.—The United States Olympic team was victorious in the first event of the week at the Olympic games here today.

C. M. Daniels, the "human fish," after winning his heat in the 100-meter swimming event in good time, easily distanced all competitors, and won the final heat.

There was never any doubt as to the outcome. The American swimmer went through the water like a streak. DeHalm, of Hungary, was close behind for the first half of the race, but Daniels was not worried by the chase.

DeHalm began to drop back at fifty meters. Daniels sped seemed to increase, rather than decrease. He wriggled toward the goal like an eel, and finished with a good lead.

Americans Show Enthusiasm.  
The American spectators did not fail to take advantage of this opportunity to show their enthusiasm. The treatment the American team has been subjected to has dampened the spirits of the Americans considerably, but when Daniels brought forth victory even under difficulties, they were wild with joy.

Daniels finished his swim in 1:36 2-5, which is equal to the best time ever made.

His victory does not count in the score upon which the track and field championship will be decided, but he will be credited with a win under the English system of scoring.

Jim Sullivan Hopeful.  
James E. Sullivan, American commissioner at the games, said this morning that he firmly believed the United States team would be victorious. The field sports, he reasons, will bring up the average in bounds. The teams from other countries realize that America has a distinct advantage over them in this particular.

The American has another handicap to overcome, this being the manner in which the heat drawings have been conducted. The drawings went against them in the 1500-meter race and the same thing happened in the 400-meter event, the heats of which will be run off tomorrow.

Catch-as-Catch-Can Wrestling.  
In the catch-as-catch-can wrestling event, Press, Tompkins, Saunders, Davis, and Sanson, all English, defeated, respectively, Wetherall, W. J. Cox, J. E. Cox, Knight, and Schwann, all English. Mehnert, America; Spring, English, and Cote, Canada, drew byes. The other entrants had withdrawn.

The withdrawal of several nations from the games before the end of the week is threatened as a result of the growing disgust on the part of the foreign teams over the management, and the open charges that the British Olympic committee is showing favoritism to the home athletes. So far the grumblings come largely from individuals.

## MANAGER STABBED BY INDIAN PLAYER

Win Clark, of Charleston Baseball  
Team, Said to Have Been At-  
tacked on Florida Trip.

COLUMBIA, S. C., July 20.—Secretary Gibbs, of the Columbia Club, South Atlantic League, received early this morning a telegram from Charleston, signed by Kierman, of the team, saying Manager Win Clark had been badly stabbed during the steamer trip from Jacksonville by the Indian player Bender, and that Bender was in prison.

Mr. Gibbs wired Frank Hampton, a cousin in Charleston, to assign and gibed Volz to take charge of his team mates. Bender has been drinking heavily of late, and when under the influence of liquor is sullen and dangerous.

Secretary Gibbs' son, Howard Gibbs, late of the University of South Carolina team, goes down tomorrow to help out at first base. It is stated here that Clark is seriously wounded.

Bender was purchased from Augusta several weeks ago. President Boyer wired Secretary Gibbs that Clark may be out of the hospital in a week.

Capital is shy  
Cabinet officers

So far as Washington is concerned  
Uncle Sam is With-  
out a Head.

The official lid-sitter is temporarily off his job. Today the Administration, as far as Washington is concerned, is without a head. Not a single solitary Cabinet officer remains in the National Capital.

Up until yesterday Secretary of War Wright, whose record of attaining the eminence of official lid-sitter in just sixteen days from his appointment to the Cabinet, is unprecedented, was very much on the job here.

Today, however, the War Secretary arrives in Chattanooga, Tenn., with Gen. J. Franklin Bell, chief of staff of the army, to review the troops at Fort Taft.
